What Will I Learn in IB Visual Arts Year 2?

Students will explore a variety of art making techniques and styles which they may use to adapt and create personal work. This work will culminate in a Comparative Study of at least two artists.

Students will write a curatorial rationale describing their choices and development as an IB art applicant.

Students will examine and compare the work of artists from different cultural contexts. Students consider the contexts influencing their own work and the work of others.

Students will develop their artwork through research and thoughtful exploration of the artmaking process.

Students will organize and curate their personal art exhibition of 8-11 pieces.

Overarching goals in IB Visual Arts Yr. 2:
- Develop Skills
- Explore techniques
- Explore art making processes
- Investigate culture
- State art making connections
- Develop art vocabulary
- Reflect on impact and intention

Students will submit carefully selected materials which evidence their experimentation, exploration, manipulation and refinement of a variety of visual arts activities during the two-year course.

Students will make art through a process of investigation, thinking critically and experimenting with techniques. Students apply identified techniques to their own developing work.
