Dear Parent or Guardian:

The purpose of this letter is to inform you about New York State’s immunization requirements for students entering 6th grade in 2019. Students entering the 6th grade for the 2019-2020 School Year will require a record of:

• Two doses of Varicella (Chickenpox) vaccine
• Three to four doses of Polio vaccine (IPV)
• Tetanus and Diphtheria toxoid-containing vaccine and Pertussis vaccine booster (Tdap)

If you have a child entering 6th grade or who is of comparable age in September, please contact your child’s physician to ensure that your child is in compliance with the new current New York State immunization requirements for school attendance.

Please be sure the necessary documentation is received by the Health Office prior to your child beginning their new school year.

Thank you for your cooperation. If you should have any questions, please do not hesitate in calling the Health Office.

Sincerely,

Frances R. Lopilato, BSN, RN
